

**FITS ALL PASSENGER CARS, SUVs AND 4X4s**

## SPECIFICATIONS

| TECHNICAL DESCRIPTION       | PRESSURE SENSOR TRANSMITTER          | DISPLAY MONITOR RECEIVER      |
|-----------------------------|--------------------------------------|-------------------------------|
| Weight                      | 32 grams                             | 93 grams                      |
| Size (dimensions)           | 71 x 36 x 21 mm                      | 125 x 33 x 18 mm              |
| Frequency                   | 433.92MHz                            | 433.92MHz                     |
| Battery Life/Power          | around 5 years                       | 9 - 12V from car              |
| Current Consumption         | None                                 | 18mA (nominal)<br>130mA (max) |
| Operating Temperature       | -40C to + 125C                       | -40C to + 85C                 |
| Monitored Pressure Range    | 0 to 73 Psi<br>(Accuracy +/-1.5 Psi) | -                             |
| Monitored Temperature Range | -40C to 125C<br>(Accuracy +/-5C)     | -                             |
